Luxury Outdoor Living

DekTek Tile™ is changing the way outdoor living is done! The luxurious handcrafted tiles are transforming decks and outdoor spaces all across North America, leaving customers with exquisite tile decks to prove it!

Why DekTek Tile™

Creating the Ultimate Outdoor Living Experience

DekTek Tile is the gorgeous new decking material revitalizing outdoor living spaces. Are you ready to create your dream outdoor oasis?

- **The Wow-Factor!** - Simply Stunning! Experiencing a DekTek Tile deck is an extraordinary shock to the senses with its gorgeous vibrant colors and warm elegance.
- **Ultra-Low Maintenance** - Spend your precious time & energy enjoying your deck without the hassles of mold, rotting wood, algae, chipping & peeling and that constant upkeep of cleaning, scrubbing, and staining your deck
- **Non-Combustible** - Giving you peace of mind, & perfect for those family BBQ's or cozy evenings around the fire. Can you just see it now... you & your loved ones, S'mores, a starry sky, surrounding the fire-pit from the comfort of your deck.
- **No Fading** - Unlike wood & composite decking your tiles will keep their beautiful look
- **Extremely Durable** - Designed to be more durable & weather resistant than standard decking materials. Each tile holds over 1,000 lbs
- **No Substrates Needed** - No heavy duty framing required. Standard framing is sufficient, with only minor modifications
- **Easy to Install** - Simple installation when building or remodeling your beautiful outdoor living space
- **Beautiful Accent Decks** - Same thickness as standard wood/composite decking so great for fire-pit, grill, & kitchen areas.

DekTek Tile's purpose is to create beautiful and tranquil outdoor spaces for loved ones to come together to relax and enjoy Nature's abundance. Sit back and rejuvenate your spirits. Spend your time enjoying the beautiful outdoors with your family and friends, and focus on the things that are most important to you in life!

What Home Owners & Contractors Are Saying About DekTek Tile!

"We were looking for something "different" for our covered deck. We came across DekTek Tile and were amazed by the product and the pictures we saw on the website. Our decision at that point was easy! The end-result of the tiles on our deck is astonishing and we receive nothing but compliments on them. Very impressed!"

~ Mike & Kristy K., Home Owners

"Although we are normally avid Azek, Ipe' and treated lumber installers, sometimes we come across other new decking products that impress us - and this decking material has certainly left an impression. DEKTEK TILES are not only pretty, they're beautiful...with vibrant, vivid colors to match any home color scheme. The stone look is realistic, the longevity is maximum, and concrete is considered a great contribution toward sustainable green building standards and strategies. DEKTEK TILE got this material right, and they got it gorgeous!"

~Thomas Decks, LLC, Cincinnati Deck Builder

"If you want a product that is not only unique but also elegant this is the product for you. My wife and I absolutely love it as well as do all of our friends. Would highly recommend this product!"

~ Ed Weiss, Home Owner

"For those builders and homeowners looking for an attractive and durable alternative to wood or composite decking, DekTek Tiles are the answer. As a contractor I installed them in a three-season porch for clients who wanted a unique floor and can say that installing DekTek tiles is like working with ceramic tile only easier and faster because they are adhered directly to the deck joists. Each tile is hand finished in the factory creating uniquely varied tiles that look remarkably like natural stone. Will definitely be recommending DekTek Tiles to clients in the future."

~ Scott Elliott, Contractor & Owner of Elliott & Company, Inc.

We discovered this outdoor decking option from our builder and it was exactly what my husband wanted. No fuss or upkeep needed for our deck/upper level screened in porch flooring. We were able to modify our color selection from the pecan medley color scheme and we are very happy with the look and durability. The owners worked with us to find a more affordable shipper and their customer service is great.

~Pat & Kim Phelps, Home Owners

"Great product and company to work with. Very easy to cut and install on existing framing. This product does get warm when in direct sunlight just like every other product on the market."

~James Baxter, Contractor & Owner of Baxta Design, LLC

"A DekTek tile deck is by far the most beautiful deck surface I've ever seen. If your tired like I am of the same old composite decks that are everywhere, and want something truly beautiful, check out this product.... WOW!"

~Phil B., Owner of Fiberspan Concrete Elements

Adds luxury to a regular balcony and entices one to spend more time outside. Aesthetically color is pretty.

~Kim S. Home Owner

"DekTek Tile was the finishing and crowning touch to the porch we seem to live on in the summer months. The decking not only looks outstanding but adds an entirely new dimension to the area. Maintenance should be easy and will look classy for many years. You have a great product and is truly upscale and I would highly recommend your DekTek concrete tiles to anyone! Thanks again!"
